tors, one after another, but none of them helped me, and at last I concluded that what they told me was true—that I would have to reconcile myself to being a cripple for life. "I read in the papers of the cure of two people I was personally asquainted with by Dr. Walker, the specialist. I decided to call on him. I had not been able to bear the least weight on myster or less for months, so when weight on my foot or leg for months; so when Dr. Walker told me he would have me walk-ing on it in less than a week I laughed at him. However, I commenced his treatment, and actually in less than three days I was able to throw aside my crutches and walk across the room—something I had not been able to do since I resetted my injury. Moreover, I have been steadily improving since that day, I feel that I owe more than my life to Dr. Walker, and I most cheerfully recommend him to the sick and suffering everywhere. I shall be happy to verify this statement in person to any one who may call at 914 M street south-

Field now reside at 921 Twentysecond street northwest. The latter has had
a most trying experience, enduring all the
horrors of epileptic convulsions, which of
late had become alarmingly frequent and
violent, and which daily threatened her life.
"For six years my husband has done nothing but spend money on me for doctors," said
Mrs. Field, "but none of them did me any
good. We tried doctor after doctor, and all
tha patent medicines that were represented to
be good for my trouble, but in spite of every-

the good for my trouble, but in spite of every-thing I continued to get worse. As a last resort my husband took me to Dr. Walker. His treatment had an immediate and wonder-ful effect. I have been steadily improving since the day I went to him. Previous to that since the Jay I went to him. Previous to that time I had from six to a dozen spasms a day, and was formerly confined to my bed most of the time. Now I can waik about the etreets unaided, and am happily conscious that my troubles are rapidly diminishing and passing away. Dr. Waiker has worked wonders in my case, and I cannot speak too highly of him. I only hope my experience will be the means of directing other sufferers to him."

I, Joseph Field, do certify that the foregoing is true in every partisular.
